Dear Ms. Salas:

This letter respectfully notifies the Commission of a typographical error in an application for license for an auxiliary facility filed September 2, 1999, for the above-referenced station. As set forth in the attached statement signed by the consulting engineer who prepared the engineering report and Section II of the above-listed application, the antenna structure registration number provided on line 11 of Section II of Form 302 is in fact 1029019, not 1029018.

I thank you for your attention to this matter. If there are any questions concerning the above matter, please communicate directly with the undersigned.

Sincerely yours,

David Gray
